

Dear Children,

Good morning! I hope you all had a good day yesterday and enjoyed Monday's work. I love seeing everything you have been doing. I have been watching the videos of the Dance Club children performing the dance they were planning to do at the Dance Festival. They are FANTASTIC! Mel is going to put them together and we will then show you all when we get back to school. I cannot wait!

I have also heard that lots of you have been doing some cooking - some of the recipes sound delicious! I made a lemon drizzle cake last night after seeing one of Year 6's cooking videos!

It has been lovely to see so many of you coming up to school to collect work , photos and reading books - I am sure you have all grown much taller over the past few weeks - I will have to watch out - soon you will be taller than me - particularly Year 6!

Happy Birthday to Tyreece! We hope you have a fantastic day!

Our thought for today is: Each new day is a gift - unwrap it with gratitude and love!

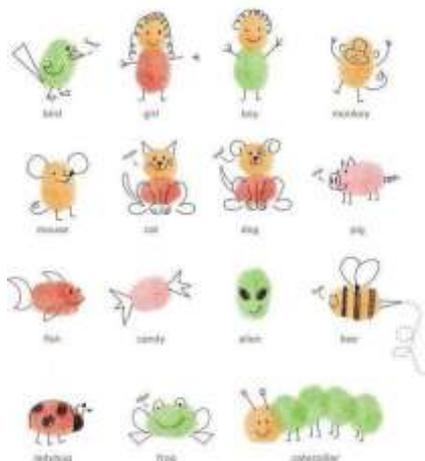

Song for today: It's all about you - there is a sing-a-long version here: <https://www.youtube.com/watch?v=-QN6CB23vL4>

T

Today's challenge: Can you make a finger print animal? First you need to make a finger print - make sure you wash your hands after to stop getting ink everywhere! Then use a pen to add ears, whiskers and paws! Enjoy!

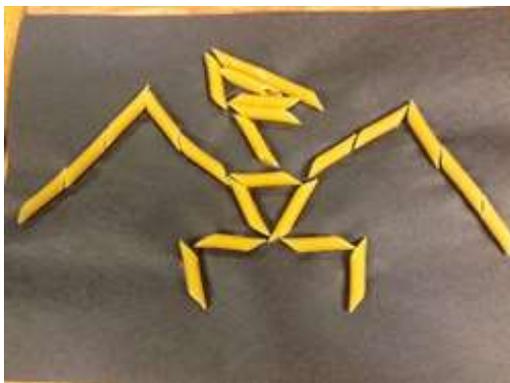

I hope you have fun with your learning today.

Love from Mrs Pollard xx

Read on for messages from your teachers ...

Good morning Nursery,

How are my budding palaeontologists? Did you discover any dinosaur fossils? Did anyone make any fossil biscuits? I thought today you could make your own dinosaur skeleton. Here are some examples: you could use straws, sticks, strips of paper, pasta or white chalk or paint on dark paper.

You could also gently press some pasta into playdough to make a skeleton fossil or you could roll and shape the playdough into a dinosaur skeleton.

I thought you might like to 'Boom Shake the alphabet' have a listen to this song <https://www.youtube.com/watch?v=Emb2yvwAHtc>

Can you join in?!

Have you been reading any books with your family? Does anyone have a dinosaur story they can tell us about? Maybe you could post a picture and a quick recommendation on to Google Classroom.

Love Mrs Foster

Happy Tuesday Reception

I hope you enjoyed starting the first day of your new activity pack, did you enjoy writing about what you can see in a swimming pool?

Today I have asked you to think of a memory, this is something you can remember from a long time ago. You might be able to remember something from a holiday, or when you were little or even from when you had just started Reception. My memory would be when I first came to Codicote School and on the first day I sat in a chair in Miss Grainger's room and told a story. I remember thinking what a lot of children there were everywhere!

Have a great day.

Your challenge for today is.....

2. Can you find something hard, soft, round, square and rectangle in your garden?

Love from

Mrs Pyle

x

Hello Year 1!

This morning we have a special message from Mrs Bundy!

Good Morning Year 1, I hope you are all keeping well. It's lovely to see some of the work you have done since being off school! I have been very lucky to see some of you when I walk my dog, Willow. I have also been busy in my garden. I have painted all the fences and a bench in the lovely sunshine! My daughter, Rianne has been helping me. I am missing you all and hope it won't be too long before we are back at school! Lots of love, Mrs Bundy xx

What a lovely message children! If you would like to send her a message back then just email Miss Bass and she will send it on for you.

Today's work is super fun! In English you must draw and label a design for the best ice cream in the world. I wonder what flavours you will come up with. In Maths can you find lots of different rhyming words for the numbers 1 to 9? I can think of lots! Remember your afternoon work is on PurpleMash, today it is Music!

Have a super day!

From Mr Massey and Miss Bass

Morning Children!

How are you today? I hope that you are still smiling and behaving beautifully for your grownups!

Here is a butterfly I drew on purple mash yesterday!

I did some quilling too!

Have you learnt how to do something new? Tell me about it on the Google Stream!

So it's time for another one of Miss Grainger's HILARIOUS jokes....

Why wouldn't they let the butterfly into the dance?

Because it was a MOTH ball.....

See you soon..... striped raccoon....

Love Miss Grainger x

Morning year 3,

Let's start with a riddle: A word I know, six letters it contains, remove one letter and 12 remains, what is it?

Answer: snezod (backwards)

We hope all your school work continues to go well. We can see lots of you are working really hard and have got a great routine going. Did you enjoy the geography work yesterday? There is more this week. Remember to do your 'Look, cover, write and check' spelling sheet this week because we would like your adult to test you next Monday and then send us your score.

See you all later at the hangout, (12:15pm Mrs B's class, 1:00pm Mrs W's class).

If you still have your soil experiment from Friday or if you are making compost from Thursday please share these with the rest of the class.

Take care every one,

Mrs Broad and Mrs Wood

Good Morning Year 4,

I am in school again this morning and although I am missing you, it is lovely to see some of the other grown-ups that I work with. Today, Mr. Massey is here with me, Mrs. Pollard and Miss Pearce are in the office and Mr. Blackwell has made me a lovely cup of tea, like he does every morning.

I hope you enjoyed yesterday's Maths lesson with Mr. Crichlow and Science with Miss Simpkin, both from the Oak National Academy. I thought they explained the ideas very clearly and made the activities exciting to join in - I hope you thought so too. Lucas spotted a mistake in one of the maths answers, so it shows that adults are not completely perfect and we should always double check our answers to make sure. What will be perfect, is when we can all be back together again, learning in our classroom.

Exciting newsflash..... One of the seeds I planted on Earth day has grown a lovely root. I will post a picture for you to see on our Google Classroom. Stay safe and have a lovely day.

Lots of love Mrs Mesher xxx

Dear Year 5

I am really looking forward to the results of our DT lesson today. I'm hoping that your parents have managed to get some different bread types for you to investigate, so you can decide which is the best. You also need to fill in the taste test table, looking at appearance, texture, smell, and most importantly taste!

I wonder if you will have a different opinion to your parents? We will try to complete the work and create a class graph to see which bread is the favourite in year 5.

In English today I'm hoping that you will be able to write some metaphors to share with the class. Good luck!

Have a lovely day

Mrs Gloyn

Dear Year 6 children,

Lovely to see you all back yesterday morning, bright and breezy, after your PE with Joe Wicks. If anyone would like to post a video of their PE lesson then feel free to put it to the stream.

I have made some videos to show you how to attach work through the assignments page rather than on the stream - it just makes work easier to find and give you feedback, if it's all in one place. I hope you found them useful.

We have another exciting week of activities planned for you so I hope you enjoy them. Please try to go through the calendar and treat it like a timetable so maths activities should be done during 10.00 - 11.00 o'clock etc - If you haven't finished an activity during that time, I will give you some time to complete work or do a little research if you are fully up to date.

I'm happy to see most of you are enjoying the Maths lessons from The Oak National Academy and I'm pleased to inform you that some of your English lessons will be delivered by them this week too.

Until tomorrow.

Bye

Mr B

Hi All,

How are you feeling today? Remember your grownups will always be happy to chat to you, let them know if you are feeling sad, happy, keep chatting with them. Keep up your hard work, keep up your exercise because exercise makes you feel better, going for run, bike rides, walks, stretching keeping up with all your sporting skills. If you want a challenge, a lot of professional footballers like Ronaldo are doing a 'Living room Cup' challenge, check it out and give it a try.

I am missing you all so much, keep smiling.

See you soon

Love Mel x
