

Dear Children,

Good morning! I hope you all had a good weekend and enjoyed time off from home school/miniature school! I have loved looking at your pictures and hearing about the work you have been doing at home - how have you been getting on with joining in the songs and having a go at the challenges? In case you have been wondering, the answers to last week's 'Who am I? Where am I?' are:

Wednesday: Mrs Foster KS2 slide, Thursday: Mrs Pyle - KS2 hut and Friday: Mel Hut on the field

Good luck for this week!

Happy Birthday to Vanna!

Who am I? Where am I?

Our thought for today is from Juliette, Lucas and Elise: If plan A doesn't work out, there are 25 more letters in the alphabet!

Today's challenge: If you have a pack of cards at home, try to build a house of cards! You may need to get an older sibling or a grown up to help you! Start by trying to make it one stack high - if you can do that, move onto the next layer! Look at the pictures on this link if you are stuck! <https://www.wikihow.com/Build-a-House-of-Cards> You may get as good as this person by the end of

the week:

<https://www.youtube.com/watch?v=NnPaEU3-H0k>

Song for today: You've got a friend in me - there is a link on: <https://www.youtube.com/watch?v=A5uVEN5z1f0>

Have fun!

Love from Mrs Pollard xx

Read on for messages from your teachers ...

Good morning Nursery,

Hello Nursery! It's Monday. Can you hear what sound Monday begins with? Can you think of anything else that begins with a 'muh' sound? Maybe you could go on a hunt round the house for things that begin with that sound. Can you collect together items beginning with M? You could play a hide and seek game take it in turns with your grown-ups or your brothers and sisters to hide them and then collect them together again. You could try it with other letter sounds too.

Maybe the same sound as the first letter of your name?

You could also try the same with numbers. Have a number hunt around your house. You could focus on one number - for example 2 - and start by collecting a few items representing the number itself, such as foam numbers, numerals or dice. From here you can be as abstract or as simple as you like. You could find related letters (e.g. B as it's the 2nd letter in the alphabet), toys, numbers of things, animal toys with that number of legs, playing cards or shapes with the right number of sides. How creative can you be?

I can't wait to see what you find! Mrs Foster

Good morning Reception

I hope you had a lovely weekend. I have really enjoyed being able to chat with you on the google classroom and seeing your pictures and photographs.

It's a new week, so time for some new challenges!

Who can draw a picture of a very funny animal?

It needs to have the tail of one animal, the body of another animal and the head of a third animal.

Mine has the tail of a rabbit, the body of a zebra and the head of a giraffe!

Have a great day

Love Mrs Pyle and Mrs Williams

Good Morning Year 1

Time for a new week and lots more learning opportunities! Miss Bass has had a busy weekend spring cleaning and baking and Mr Massey has been enjoying the sunshine. We look forward to seeing you all on Hangout today (10am for Miss Bass and 10:30am for Mr Massey). Work should hopefully be up on Google Classroom today but remember to complete Task 4 in your books and any other work you haven't done on PurpleMash!

Have a fantastic day and before you go here's a joke:

Why is Cinderella bad at football?

Because she's always running away from the ball!

Love Mr Massey and Miss Bass

Good Morning Year Two,

I hope you had a lovely weekend. What did you get up to? I did some colouring, cleaning (borrrrrrrrring) and have started to plan what vegetables I am going to grow in my garden.

What do you think I should grow?

So..... would you like to hear a joke ??? Of course you would!!!

What do you call an apple that plays the trumpet?

A tooty fruity.....

See you later..... cheese graters..... Miss Grainger

Good Morning Year 3!

Today's joke -

Why was the sand wet? because the seaweed!

We hope you had a lovely weekend and are now raring to go with this week's work.

I have seen lots of colourful rainbows when I have out on my daily walk and I heard lots of wonderful clapping last Thursday at 8 o'clock - well done everyone.

I am still doing the workout every morning - are you? We started off with 3 people from my family but on Friday there was just me left standing.

As you will see the two year 3 classes have now been merged on the google drive. Hopefully the calendar will now work for both classes. Don't worry too much about the times - just try to get everything completed to keep on top of your learning. Remember to check the calendar and stream for our hangout times and any instructions. A few of us managed it on Friday eventually. It was fabulous to talk and see you. Fingers crossed for today's hangouts.

Take care everyone,

Love Mrs Broad and Miss Clark

Happy Monday Year 4!

I hope you had a lovely weekend and remembered to put your clocks forward...isn't it lovely having lighter evenings to enjoy being in the garden.

Thank you for all your messages on our Google Classroom and for sending back some work for me to look at. Keep it coming!

Maybe whilst we are not at school, you could take the opportunity to learn a new skill - juggling perhaps or keep me ups with a soft ball? Have a think and let me know what you are doing.

Take care and see you tomorrow.

Love Mrs. Mesher xx

Dear Year 5

It's Monday again already! It was lovely to chat to so many of you last week on our hang out. I will arrange one for Mondays, Wednesdays and Fridays so you have a chance to see everyone.

I hope that the weather is as lovely this week, as it was last week. Go out in the garden, stand quietly and listen. What can you hear?

Have a lovely day

Mrs Gloyn

Hello Year 6!

I hope you had a good weekend. Anyone watch something good over the weekend or read something interesting? Let me know what it was or how it was for you.

You had an amazing week last week and I'm really impressed with how well you adapted to the difficult circumstances. You're all brilliant!!

It was lovely to chat to so many of you during the mornings in our hangouts. I've been picking up on some design ideas from the backgrounds. We will continue to Hangout this week but the afternoon hangouts will be yours to catch up with your classmates - I will briefly say hello and make sure everything is ok and then the floor is yours.

We have a MyMaths activities planned for every morning, followed by break-time, Grammar and English activities and then some topic work and science fun in the afternoons.

On Friday we will do some more fun challenges. If you have any ideas for these let me know. Challenges need to be able to be done at home with equipment that is readily available in all households.

There seems to be a bit more food available in the shops now so maybe a Year 6 Bake / Cook Off with your favourite dish at some point during the week.

Mr Browne

Hi all,

I hope you had a lovely weekend, hope you are ready for another busy and productive week!! Continue with your Joe Wicks Workout - I am hearing lots of positive things about them, we have been doing them in school as well, quite tough isn't it?! I look forward to hearing about your activities and the work you do at home; keep up the exercises and working hard so we can come back and

win some competitions!!!! Sporting Futures are missing you also, and have recommended some activities to try at home:
